

**B. Amendment to the Claims**

Please cancel claim 1 without prejudice or disclaimer.

Please add new claims 2-5 as follows.

1. (Cancelled)

2. (New) A structure having a nanohole, comprising:

a substrate having a plurality of protrusions; and

a layer formed on the substrate, the layer having a nanohole and contacting  
with a protrusion such that the nanohole connects with the substrate.

3. (New) The structure according to claim 2, wherein the layer contains

A1.

4. (New) The structure according to claim 2, wherein the protrusion

includes Si or an organic material.

5. (New) A magnetic recording media comprising:

a substrate having a plurality of protrusions; and

a layer formed on the substrate,

wherein the layer has a column-shaped body comprising a magnetic  
material.
